Instructional Questionnaire  
UCSC-UVIC Collaborative Study

November 2016

This questionnaire is based on the suggestions of students enrolled in POLI 185 at the University of California-Santa Cruz. It was developed as part of a class exercise to learn more about research and about students of politics at the University of Victoria.

The questions were formulated after reviewing media reports of recent events. For the most part they are about general preferences and values, so there are no right or wrong answers. And your responses are to be anonymous, so do not include your name or other identifying information.

Further information about this exercise is available from Professor Joseph Fletcher. He can be reached at [josephf@ucsc.edu](mailto:josephf@ucsc.edu) or [josephf@uvic.ca](mailto:josephf@uvic.ca)
